Welcome to our preschool

Preschool is a form of schooling for children from 1 year of age. It is governed by the Education Act and it is the foundation for lifelong learning. Preschool is a complement to the family in their responsibility for children's education, upbringing, progress and growth. It is organized to make it possible for parents to work or study.

Preschool is responsible for the attending child all of the day. Playing and creativity as well as the child's own exploration. According to preschool curriculum the activities shall be fun, safe and educative for every child that participates.

Preschool is open Monday to Friday throughout the year, except for holidays.

The opening hours are adapted to working hours of the parents within 06:00 – 18:00

Rules and guidelines for preschool

Bergs kommun offers preschool when the family live in the township permanent, provided the parents are working, studying, unemployed and job seeking or on parental leave.

A form with the child's residence shall be provided to preschool. A schedule according to parents working- studying hours, including the time it takes to travel to and from the work /school. When a parent is having vacation, their child shall stay with the parent.

If there is a need of extended time in preschool, the guardians have to make a written petition to barn- och utbildnings chefen after consulting the pedagogues.

The fall semester the child turns 3, Bergs kommun offers public preschool to all children for 15 hours per week. These hours follows the academic year.

Public preschool schedule is individually decided in every preschool and is adapted to the educational activities.

Public preschool is free of charge. Children who need more than 15 hours per week get a reduction corresponding to these 15 hours.

When parents are unemployed or in parental leave, the schedule follows the public preschool schedule. Before the child is 3 it has the possibility to attend preschool throughout the whole year, even in school holidays.

When the child turns 3 it automatically passes in to the public preschool system and the schedule follows the academic year with its holidays.

If there is a request to attend preschool on a school holiday an announcement to the preschool has to be done in advance. In that case the schedule still is 15 hours per week and will be charged as a part time.

All children are insured in Bergs kommun. The insurance is valid around the clock, all year, when in preschool or at home.

Bergs kommun has established a maximum fee for preschool since 20010101.

Preschool is closed 4 days per year in order to give the pedagogues' time to plan, educate themselves and evaluate the preschoolactivities.

The child's introduction to preschool varies and it is planned by the pedagogues together with the parents. Most common is a two week long introduction when the parents shall be available.

When leaving preschool you make an application 3 months in advance.

Bergs kommun has a policy regarding infectious diseases, please respect.

Questions about preschool are answered by the pedagogues or the head of preschool.
